

# Khalie Novazi

**-BSc Information Technology | Aspiring Software Engineer.**

**Contact number:** 065 905 5733  
**Email:** Khalienovazi@outlook.com  
**Location:** Free State, Bloemfontein  
**LinkedIn Profile:** [www.linkedin.com/in/khalipha-novazi-09b1b0305](https://www.linkedin.com/in/khalipha-novazi-09b1b0305)

## PERSONAL PROFILE STATEMENT

---

I have started my academic journey, enrolled in the first year of Information Technology with a focus on software engineering. Coding and problem-solving have always been my strongest suit. I am committed to a punctilious academic approach, and I am excited to leverage my technical knowledge and skills to contribute to innovative initiatives within your organization. I am keen to gain practical experience in software development as well as working in a team. I'm looking for internship opportunities that will expose me to the full Software Development Life Cycle.
